The Christmas Dinner will be held December 8th at the Masonic Lodge in Candler at 6 PM.

As customary those attending you are asked to bring two dishes to the dinner, meat will be provided . A map and directions will be provided in the November edition of Smoketest.

## Jamboree On the Air

The Western Carolina Amateur Radio Society and The Daniel Boone Council, BSA will participate in the 55th JOTA as part of the Scout Show to be held at the WNC Agriculture Center, October 21.

WCARS will operate on 40m, 20m and 2m during the time the scout show is open to the public. Scouts will be allowed to participate in amateur radio as part of JOTA. Come and be part of a global event.

What is JOTA?

When Scouts want to meet young people from another country, they usually think of attending a World Jamboree. But few people realize that each year more than half a million Scouts and Guides "get together" over the airwaves for the annual Jamboree-on-the-Air (JOTA). The World Scout Bureau reported that the 2010 JOTA had just over 700,000 Scout participants from nearly 6,000 amateur radio stations! Modern technology offers Scouts the exciting opportunity to make friends in other countries without leaving home. JOTA is an annual event in which Boy and Girl Scouts and Guides from all over the world speak to each other by means of Amateur (ham) Radio. Scouting experiences are exchanged and ideas are shared via radio waves. Since 1958 when the first Jamboree-on-the-Air was held, millions of Scouts have met each other through this event. With no restrictions on age or on the number of participants, and at little or no expense, JOTA allows Scouts to contact each other by ham radio. The radio stations are operated by licensed amateur radio operators. Many Scouts and leaders hold licenses and have their own stations, but the majority participate in JOTA through stations operated by local radio clubs and individual radio amateurs.

## Jamboree On the Air (continued)

When does JOTA happen?

JOTA is held the third weekend in October of each year. JOTA takes place starting Saturday at 0000 hours local time (12:00 AM) to Sunday, 23.59 hours local time (12:00 PM), though some activity continues over from Friday to Monday to take advantage of long distance (DX) time differences.

## From the Editor

Summer seems to be gone now with the cooler weather settling in. I've been busy working on various radio projects and have had some lengthy delays on the main project.

I hope to have a full time Packet station running by the end of October. If everything checks out good on test day with Carl - N4AA, I don't see any delays in making that happen.

For JOTA this year I will be attempting to demonstrate Packet Radio, hopefully it will go good and with minimal problems.

All members are invited to come out to the Ag Center on Saturday Oct 20th to help out at JOTA.

Just a reminder to WCARS members that the WCARS information net is held every Monday at 9 PM all are welcomed to call into the net.

And on Wednesday nights at 9 PM BCARES net is held, members are encouraged to call in and participate. If you are monitoring and the net is not called after a couple of minutes have passed with no one starting the net; you are encouraged to call the net and make a log of call ins. This is good practice in case there is a real emergency where the usual operators are not able to call the net.

If you have something you would like to send to Smoketest please send it to [kk4brd@gmail.com](mailto:kk4brd@gmail.com).

### Last Man Standing Producer Cancels Special Event

Due to concerns over perceived violations of Section 97.113(a)(3), Last Man Standing Producer John Amodeo, NN6JA, has cancelled the Last Man Standing Special Event Station planned for October 28. Amodeo had applied for and received a 1x1 call sign -- K6T -- to use for the event that would have taken place on the show's set. Last Man Standing stars Tim Allen as Mike Baxter, KA0XTT. "Although the intent of the Special Event Station was to celebrate and promote ham radio, it might be interpreted as promotion for the show and that cannot be permitted," Amodeo explained. "While we are disappointed with the cancelation of what would have been a fun, one-of-a-kind event, I know that as a licensed amateur and producer of broadcast programs, compliance with the FCC rules takes precedence. We will find other fun ways to use our station and promote ham radio soon. Mike Baxter's fictitious station, KA0XTT, will continue to appear on the set of Last Man Standing, but the radios will remain silent." Last Man Standing begins its second season on Friday, November 2 at 8/7 Central.

### Silent Key: Sean Smith, KG4WSS, Killed in Consulate Attack

09/18/2012

Sean P. Smith, KG4WSS, of Falls Church, Virginia, was killed when the US Consulate in Benghazi, Libya, was attacked on September 11. He was 34. Smith was one of four Americans, including Chris Stevens -- the US Ambassador to Libya -- who was killed in the attack.

Smith -- a native of San Diego -- enlisted in the Air Force in 1998 as a ground radio maintenance specialist, including a deployment to Oman, before leaving the service in 2002 as a staff sergeant. He was awarded the Air Force Commendation Medal. Smith, who had worked at the State Department for 10 years, was in Libya on a temporary assignment when he was killed; Before his temporary assignment to Benghazi, Smith served for the State Department in Brussels, Baghdad, Pretoria, Montreal and The Hague.

### **Silent Key: Sean Smith, KG4WSS, Killed in Consulate Attack (continued)**

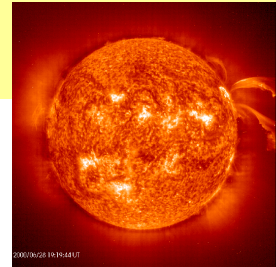

“Sean was a friend of mine, and while he was not a very active operator he was an extremely skilled electronic technician,” James Kirkham, W4HFK, told the ARRL. “He was instrumental in getting me back into the hobby after a 10 year hiatus.”

Smith was well known in the online gaming community as an avid participant of the space fantasy game EVE Online, where he was known as “Vile Rat,” one of the leaders of a gamers’ alliance and renowned for his diplomatic skill in the multi-player space warfare simulation.

“If you play this stupid game, you may not realize it, but you play in a galaxy created in large part by Vile Rat’s talent as a diplomat,” said Smith’s friend Alex Gianturco, in a tribute posted on his website. No one focused as relentlessly on using diplomacy as a strategic tool as VR.” Gianturco wrote that Smith had been under fire before, when he was posted to Baghdad. When that occurred, he usually broke off his messaging. “We’d freak out and he’d come back okay after a bit,” Gianturco wrote. “But Tuesday night, after reporting ‘GUNFIRE,’ he disconnected and never returned.” A few hours earlier that evening, Smith posted the following: “assuming we don’t die tonight. We saw one of our ‘police’ that guard the compound taking pictures.”

Smith is survived by his wife, Heather, and two young children, Samantha and Nathan. “They will grow up being proud of the service their father gave to our country, service that took him from Pretoria to Baghdad, and finally to Benghazi,” Secretary of State Hillary Rodham Clinton said in a statement. – Thanks to The Washington Post, CNN, the US Air Force, Bill Cross, W3TN, and James Kirkham, W4HFK, for the information
